A unique property in the main square of Sanet y Negral with magnificent views across a valley of orange groves. Full of character and original features, this majestic building is 200 years old and stands alone as a complete block. With 12 bedrooms, various reception rooms, its own oratory, a large central courtyard and private garden, this would make an ideal boutique hotel with options for events, or a residency. Sanet y Negral is just 20 minutes from the beaches and Dénia.
