A very special villa in the well known valley of Jalon. This attractive villa is located on a flat and sunny plot of 4000sqm in tranquil surroundings with lovely open views over the mountains and the valley of Jalon. Only 10 minutes walk to the village of Liber and 20 minutes walk to Jalon. Distributed over 2 floors we find on the ground floor an open modern kitchen, 2 large living rooms each with a fireplace, a guest WC and dining room with direct access to the roofed terrace. Upstairs are 4 very spacious bedrooms each with an en suite bathroom. The salt water pool with cascade is enormous and very unusual for a family villa. There is an outdoor kitchen, an extra building for storage and next to the pool a very spacious building used as an office. Next to the terrace is a jacuzzi. The Mediterranean garden with many palm trees has an automatic watering system. There is plenty of parking. A well priced villa and we recommend viewing to appreciate this property.
