Detached five-bedroom Villa in Monte Pedreguer with great outside space and stunning views towards the valley and the sea. We enter the property and are greeted by a spacious living/dining room with a log burner and a fully fitted open-plan kitchen. Here is also a glazed front from where you can enjoy the impressive views while having your meals. Next to the kitchen, there is a storage room. From the living room, we gain access to the master bedroom which has a generous en-suite bathroom. There is also another bedroom with an en-suite bathroom which has been used as an office. An internal staircase leads to the lower level. Here are three double bedrooms and two bathrooms and also a spacious living/dining room and a kitchen with a bodega next to it. From here we reach one of the lovely terraces with great views towards the mountains and the pool. Some steps lead to another nice chill-out area from where we also can enter a gym with a bathroom. This villa benefits from double-glazed windows throughout, mosquito nets, air-conditioning (hot&cold), two summer kitchens, and great outside space with an easy-to-maintain garden. The middle level has been used as a separate accommodation and also has a tourist license and a separate entrance. It takes a short 5-minute drive.
