This is a one-in-a-million opportunity to purchase a property like this. Built in 1900 and refurbished over the years to maintain the traditional touch and at the same time make it livable for modern needs, we have this amazing finca located in the heart of Altea, on the beautiful Costa Blanca. The property offers three different living quarters. A one-bedroom loft, an apartment with one bedroom in need of reform and the traditional finca with five bedrooms and two bathrooms. This is an amazing property as it benefits from a license as a hotel and can be used for events such as weddings, communions, etc. There are two large car parks very close, the Altea train station right in front of the entrance and the beach can be reached within a few minutes walk. The property has its own orange grove and a tent for 350 people to be seated at events. Please contact us for further information and to organize a viewing at this unique property.
