Traditional villa with five bedrooms and three bathrooms in the Spanish village of Javea. The property offers a spacious open-plan living/dining room full of character with an open fireplace and wooden beams. Then we have a separate fully-fitted kitchen, a family bathroom and two double bedrooms with fitted wardrobes, one of which is an ensuite. Also on that level, there is a laundry room. An internal staircase leads us onto the first floor where there are three more good size bedrooms and a bathroom. Outside we find a stunning summer kitchen, with all necessary appliances to entertain the guests. From here a staircase gives us access to the underbuild, which is currently being used as a storage room but could be converted into an extra bedroom. Directly in front, there is a nice swimming pool as well as an orange grove and a garage.
