Three bedroom townhouse, central location in Jálón, Costa Blanca. This traditional Spanish "casa de pueblo" (townhouse) is just off the stunning central plaza of Jálón. This is the historical heart of the town, with the beautiful church and iconic blue dome, as well as several excellent bars and eateries. Other small shops are in the adjacent back streets including two butchers, a fish monger, bakeries and more. Furthermore, Jálón has two supermarkets, a weekly produce market and the famous "Rastro", a flea market held along the river banks. Stone-faced, marble steps take you up to the main level, with a separate, modern kitchen and the living room, which has its own Juliette balcony to watch the world go by, with the church as a backdrop. The living room also has a free standing, wood burner for those winter nights. Also on this level, are two bedrooms with fitted wardrobes and a family bathroom. Up another set of stairs from the living/dining room, is the master bedroom with adjacent en suite bathroom. From here, you can access the roof terrace, which has views of the church roof top and the mountains to the rear. You will notice that quality, stone tiles have been used throughout the property.
