Charming 10 bedroom property in the Old Town of Javea. The ground floor consists of a large living room with Castilian style dining room with access to 3 bedrooms. There is a children's bedroom connected to one of the large bedrooms. The dining room has access to a nice 2-storey patio with outside bathroom, Reused garage and additional storage room. The second and third floors have similar layouts with living rooms and kitchens with balconies overlooking the Montgo. The third floor, once renovated, will be an excellent option to rent as a holiday apartment next to the Plaza de Correos and all services. Great opportunity to use it as a holiday home for a large family or rent it for tourists.
