A traditional townhouse for sale in the centre of Javea. Located between the Port and the Old Town of Javea on the Costa Blanca is this older style town house which needs full refurbishment whilst offering scope to extend. The property has three bedrooms, a living room and separate dining room, ground floor bathroom and first floor cloakroom. Outside there are enclosed gardens to the front and a fully enclosed rear courtyard. The property will require a full refurbishment but offers scope to enlarge subject to the usual planning consents.
