Relaxing and getting away from it all, surrounded by incredible sea views; it's possible in this exclusive villa located in the Residential Resort Cumbre del Sol. Villa Faro is spread over multiple floors, in open and comfortable spaces where the boundaries between inside and outside are crossed and blurred. A project with light colors, wood, and plenty of natural light from outside. Access to the property is via the upper floor, with a large hall that houses the staircase and delineates the two modules of the house. The three bedrooms of this villa are located on this upper floor. In one wing is the master bedroom, spacious and bright, with its own terrace and a spectacular en-suite bathroom. In the other wing are the other two bedrooms, both with en-suite bathrooms and a large terrace. On the ground floor is the spacious living area, a large open kitchen with an impressive island, featuring a breakfast bar, open view to the porch, a spectacular summer dining room overlooking the sea, with barbecue and outdoor bathroom. The living-dining room also has a beautiful porch, further enhancing the idea of "outdoor living" with several seating areas next to the infinity pool and a jacuzzi, to enjoy the delightful sunny days that the Costa Blanca offers without losing sight of the Mediterranean...
